

Request for donations for Ukraine

We know many families are looking for ways to support those facing difficulties in Ukraine. Our textile bank is run by Astra Recycling and their owner, Dmitry, is from Ukraine and he has supported the school with fundraising for several years. At his request we are taking donations of items in response to the crisis in Ukraine and these can be popped into the textile bank by the school gates.

Astra will collect any donations on **Thursday 24th March**. The items being requested to support refugees are:

warm clothes, nappies, medicine, tinned foods, sanitary products, shoes, hats, gloves.

Please ensure donations are bagged up securely, and placed in the textile recycling bin. If the bin fills up, we can take some small bags in the school office.

***Please only leave bags outside the office during school hours when the office is manned – 8.30 am to 3.30 pm.
Please don't leave any bags outside the office or by the bin outside these hours.***

As storage space in school is fairly limited it may be better to bring in your donations on the morning of **Thursday 24th March** and leave on the grass at the top of the drive - thank you.
